

Middlebury Airport Communications Updates

November 30th, 2022

Purpose: Enhancing communications between the Agency of Transportation, Town of Middlebury Selectboard, airport businesses and users, airport neighbors and the general public to assure regular, centralized communications to highlight news, events, issues and opportunities and to reduce miscommunications between all parties.

Formalizing the communications process: Share routine communications, which shall be prepared by the Agency and the Selectboard Airport Representative (currently Nick Artim), and posted on a monthly basis, including

- Status of current major activities at the airport (permitting, planning, construction of major projects)
- Planned maintenance which would be of a significant nature (minor construction maintenance projects that the public would take note of, maintenance of obstruction zones (tree trimming), spraying of fence perimeter, line stripping of runway, etc.)
- Notice of any pending permits
- Notice of events occurring at the airport
- Questions and concerns section reflecting inquiries received by the Agency in the prior month.
- Monthly updates will be posted to the Town of Middlebury Website and the VTrans Middlebury Airport Website

Master Hangar Act 250 Permitting Process ([Permit Application # 9A0158-12](#))

The public hearing was held on Friday, August 19th, the hearing is still in recess.

Contact Information for Josh for all Act 250 related questions:

Other Private Act 250 Permits Issued/Pending at Middlebury Airport – None Pending

Master Plan Process

The Public Meeting on the Final Draft Plan will be held on December 14th from 6-7:30 p.m. at the Middlebury Town Municipal Building, 77 Main Street; a notice will be published in the Addison Independent, posted on the municipal website and the VTrans Aviation page for the Middlebury Airport. The final draft plan will also be posted at the websites at least one week in advance of the public meeting.

Next steps

There will be a 30-day public comment period following presentation of Final Draft Plan.

FAA review and sign off – December through early 2023

Public notice of any Plan modifications following FAA approval

Secretary of Transportation signs off on Final Plan - early 2023

On Airport Planned Activities for the coming month(s)

1. Winter/Fall Tree Trimming - VTrans will be completing the activities authorized through Act 250 Permit 9A-0158-11. This will involve selective cutting in the winter of 22/23 of trees not included in the area wide cut undertaken earlier in 2022.

Details can be found at this link:

<https://anrweb.vt.gov/ANR/Act250/Details.aspx?Num=9A0158-11>

2. Fuel Farm Replacement - VTrans' has begun the process of design of a replacement fuel farm. In the interim, a temporary fuel truck has been positioned at the airport and training for staff who will be managing fuel distribution is now taking place. The fuel available will be aviation gas only, no Jet A fuel will be provided.

Aircraft Noise & Flight Related Complaints

The FAA contact information for aircraft noise and flight related complaints can be found here: https://www.faa.gov/air_traffic/noise_emissions/noise_complaints or you may contact the FAA at 202-267-3521.
