

## Quechee Gorge Bridge Construction Memorial Day Holiday Observation

---

The contractor will not work on Memorial Day, Monday, May 27, 2024.

### **Construction Recap**

In April 2024, the contractor resumed work on the Quechee Gorge Bridge. Several features have been implemented, including:

- Eastbound lane closure;
- Alternating travel over the bridge, controlled by a traffic signal;
- Concrete barrier, to separate motorists from the workers; and
- New paint lines on the roadway.

These items will be in place through October / November of 2024.

For those traveling by foot, the trail is closed at the bridge underpass through the fall of 2025. The adjacent trail is open via a signed detour through the visitor center. Like last year, the contractor is using the southwest parking area as a staging site.

### **For More Information**

Members of the public are encouraged to visit the [project web page](#) for more information. All updates to construction activity will be posted to the website

regularly. If you have questions or comments, please reach out to the Public Information Consultant, Marcy Miller.

**Date: May 24, 2024**
