

Quechee Gorge Bridge Construction Labor Day Holiday Weekend

The contractor will not work from Friday, August 30, 2024 at noon through Monday September 2, 2024. Have a happy and safe holiday weekend!

Construction Recap

In April 2024, the contractor resumed work on the Quechee Gorge Bridge. Several features have been implemented, including:

- Eastbound lane closure;
- Alternating travel over the bridge, controlled by a traffic signal;
- Concrete barrier, to separate motorists from the workers; and
- New paint lines on the roadway.

These items will be in place through October / November of 2024.

For those traveling by foot, the trail is closed at the bridge underpass through the fall of 2025. The adjacent trail is open via a signed detour through the visitor center. Like last year, the contractor is using the southwest parking area as a staging site.

For More Information

Members of the public are encouraged to visit the [project web page](#) for more

information. All updates to construction activity will be posted to the website regularly. If you have questions or comments, please reach out to the Public Information Consultant, Marcy Miller.

Date: August 29, 2024
